## **ENVIRONMENTAL POLICY STATEMENT**

---

Astropol Ltd recognises its environmental duties under the Environmental Protection Act 1990 and accompanying legislation and will strive through a process of continuous improvement, to conduct all of its operational activities in such a way as to minimise potential damage to the Environment.

We undertake to:

- Conduct all our activities in compliance with legal, regulatory and company requirements.
- Work with our customers to minimise the potential to cause pollution and continually improve our environmental performance by reducing emissions and wastes, and optimising the use of energy.
- Continuously improve the efficiency of the equipment we operate.

We shall meet our goals by:

- Developing programmes and processes to manage environmental exposures in a manner that conforms with the requirements The Environmental Acts.
- Considering environmental risk associated with our activities.
- Developing Environmental Awareness in our personnel in order to understand their responsibilities involving waste control and the efficient use of energy.
- Demonstrate compliance through records.
- Using sub- contractors and suppliers compliant with environmental management systems.
